Dear Hy and Evelyn:

Thank you so much for your note of January 22. We will not be moving until September. Obviously the relocation has important implications for everybody in the family. We had David in New York a couple of weeks ago and were fortunate (sic) in the blizzard which he ended up enjoying very much! It will be good for him to know, as it is for us, that we have such good friends near by and we all look forward to seeing you pretty soon.

Yours sincerely,

JL/gel
